

User Guide: Farmer — USSD Access

This guide explains how to use the platform via **USSD** (short code) on any mobile phone — no internet or smartphone required. All core farmer actions are available through a simple menu system.

1. Getting started

1. Dial the platform's USSD short code (e.g. *123#) from the **phone number registered** to your account.
2. If this is your **first time**, you will be asked to **create a 4-digit PIN**:
 - Enter your PIN → Confirm it by entering it again.
 - If the two don't match you'll be asked to retry.
3. On subsequent sessions, enter your **4-digit PIN** to log in.
 - You have up to **3 attempts**. After 3 wrong PINs the session ends for security; try again later.
4. If your phone number is not registered on the platform, the session will end with a message to contact your administrator.

Tip: Keep your PIN private. If you forget it, contact your staff admin to reset your account.

2. Main menu

After entering your PIN, you see:

OFSP Menu

1. My Orders
2. Pickups & Delivery
3. Market Info & Prices
4. Buyer Requests
5. Advisories
6. My Stock / Inventory
0. Exit

Type the **number** of the option you want and press **Send**.

Navigation shortcuts (available on most screens):

- 98 — Go **back** to the previous screen
- 99 — Go to the **main menu**

3. My Orders

View and manage orders that buyers have placed on your produce.

1. Select **1** from the main menu.
2. You see your **latest orders** (up to 5 at a time). Press **6** to see more if you have additional orders.
3. Select an order (1–5) to view its details:
 - **Buyer** name
 - **Variety** and **grade**
 - **Quantity** and **price**
 - **Status** (e.g. Order placed, Accepted, Payment secured)

Actions depend on the order status:

Order status	Available actions
Order placed	Accept the order or Reject it
Accepted	View pickup details (centre, date, route)
Payment secured	Confirm payment received

After accepting, rejecting, or confirming payment, you return to the order list.

4. Pickups & Delivery

Book pickup slots at aggregation centres and manage your bookings.

View schedules and book a slot

1. Select **2** from the main menu → then **1** (View schedules).
2. You see a list of **aggregation centres** near you (up to 5; press **6** for more).

3. Select a centre to see its **available schedules** (dates and times).
4. Select a schedule to see details (date, time, capacity remaining).
5. Press **1** to **book** this slot:
 - Enter the **quantity (kg)** you plan to deliver (must not exceed the available capacity).
 - **Confirm** the booking (press **1**) or **cancel** (press **2**).
6. On success, you receive an **SMS confirmation** with your booking details.

View and manage your bookings

1. Select **2** from the main menu → then **2** (My bookings).
2. You see your **existing bookings** (up to 5 at a time).
3. Select a booking to see its details (centre, date, quantity, status).
4. From the details screen:
 - Press **1** to **cancel** the booking (if allowed)
 - Press **2** to **confirm pickup** (when you've delivered the produce)

5. Market Info & Prices

Get a quick view of current market prices.

1. Select **3** from the main menu.
2. You see **today's prices** (KES per kg) for the top varieties currently on the platform.
3. Use this to inform your pricing decisions when posting produce or responding to buyer requests.

6. Buyer Requests

View open sourcing requests from buyers and submit offers.

1. Select **4** from the main menu.
2. You see the **latest open requests** (up to 5) — these are buyer sourcing requests looking for produce.
3. Select a request to view details:
 - **Buyer** name
 - **Variety** requested
 - **Quantity** needed

- **Target price** per kg
4. Press **1** to **submit an offer**:
 - You see your **available batches** in inventory (up to 5). Select the batch you want to offer from.
 - Enter your **price per kg**.
 - Enter the **quantity** you want to offer (must not exceed your batch quantity).
 - **Confirm** and send the offer (press **1**) or cancel (press **2**).
 5. Your offer is submitted to the buyer for evaluation.

7. Advisories

Read extension advisories and tips sent to you.

1. Select **5** from the main menu.
2. You see the **latest advisories** (up to 5) — messages from extension officers with farming tips, alerts, or updates.
3. Select an advisory to read its **title** and **content** (truncated to fit the screen).
4. Full advisories may also arrive via **SMS** and **web notification** if you use the web platform.

8. My Stock / Inventory

View your produce inventory and update listing prices.

1. Select **6** from the main menu.
2. You see your **inventory batches** (up to 5) — each shows batch ID, variety, quantity, and status.
3. Select a batch to view its details and **current price**.
4. Press **1** to **set or update the price** per kg:
 - Enter the new price.
 - The price on your marketplace listing is updated.

Note: Price updates work when you have an active listing linked to the batch.

9. Quick reference

Goal	Steps
View my orders	Main → 1 → Select order → View details
Accept an order	Main → 1 → Select order → Accept
Reject an order	Main → 1 → Select order → Reject

Check market prices	Main → 3
Respond to buyer request	Main → 4 → Select request → 1 → Select batch → Enter price → Enter quantity → Confirm
Read advisories	Main → 5 → Select advisory
Check my inventory	Main → 6 → Select batch
Update listing price	Main → 6 → Select batch → 1 → Enter new price
Go back	Type 98 on any screen
Go to main menu	Type 99 on any screen
Exit	Main → 0

10. Tips

- **Sessions time out** after a period of inactivity. If this happens, simply dial the short code again and re-enter your PIN.
- **SMS confirmations** are sent for important actions (e.g. pickup bookings). Check your messages if you need a reference.

- All actions you perform via USSD are also visible when you log into the **web platform** (if you have access).
- If you need help or encounter issues, contact your lead farmer, extension officer, or staff admin.

For the full web platform guide, see [User Guide: Farmer](#).
